ISSUE T2/26
Let's Make It Great!

FOREWORD

This digital magazine serves as a celebration of the learning, achievements, and experiences of our learners throughout the term.

The learners work & class worksheets featured in this publication is presented as originally completed and submitted. In keeping with the authenticity of each learner's efforts, work has not been edited, corrected, or altered for publication. Any spelling, grammar, punctuation, or content reflects the learner's own work and abilities at the time of completion.

The learner work & class worksheets showcased in this magazine was randomly selected by teachers to provide a representative sample of the learning taking place across the school. Inclusion of a learner's work does not indicate preference or ranking, but rather highlights the diverse talents, creativity, and progress of our learners.

This magazine also contains photographs, reports, and highlights of school events, activities, achievements, and special moments that have taken place during the term.

We extend our sincere appreciation to our learners, educators, parents, and staff members for their contributions in making this publication possible.

We hope that this magazine provides a meaningful reflection of the learning journey, growth, and memorable experiences shared within our school community.

Thank you for taking the time to celebrate our learners and their achievements with us.

Editor

Principal's Message

Celebrating the Authentic Work of Our Learners

At Clarence Primary School, we believe that every learner has a unique gift waiting to be discovered, nurtured, and celebrated. The wonderful pieces of work showcased in this magazine are genuine examples of our learners' creativity, dedication, perseverance, and academic growth. Each drawing, poem, story, essay, project, mathematical solution, scientific investigation, and artistic creation reflects the effort, imagination, and commitment that our children bring to their learning every day.

These are not merely classroom activities; they are authentic expressions of young minds developing confidence, curiosity, and a lifelong love for learning. As parents, you should take immense pride in seeing the remarkable progress your children are making through their own hard work and determination. *Every page in this magazine tells a story of persistence, resilience, and achievement. Behind every completed task are hours of thinking, practising, re-vising, and striving for excellence.*

*Remember
you are born
with successes
that are
gradually
unlocked
throughout
your learning
journey.*

Our educators have guided, encouraged, and inspired these learners, but the work you see belongs to the children themselves. We are proud to present authentic learner work because it demonstrates that meaningful learning happens when learners are actively engaged, challenged, and motivated to give their very best. These accomplishments also remind us that success is built one lesson, one activity, and one positive choice at a time. We sincerely thank our parents for the encouragement, support, and partnership you provide at home, as your involvement plays a significant role in your child's educational journey.

Together, we are building confident, capable, and responsible young citizens who are prepared to meet the challenges of tomorrow. To our learners, we extend our heartfelt congratulations. Continue to dream big, work diligently, embrace every opportunity to learn, and always strive for excellence. Your dedication inspires us all and fills our school with pride. May this collection of authentic learner work serve as a lasting reminder that with commitment, integrity, creativity, and perseverance, every child can achieve extraordinary things.

We celebrate your achievements today and look forward with great excitement to the many successes that still lie ahead. Well done to every learner whose work appears in this magazine—you have represented yourselves, your families, your teachers, and Clarence Primary School with distinction. Keep believing in yourselves, keep learning with enthusiasm, and continue making us proud.

Remember you are born with successes that are gradually unlocked throughout your learning journey.

MB Shandu
Principal

Deputy Principal's Message

It is with immense pride and gratitude that I celebrate the outstanding academic achievements of our learners in the past two terms. Their success is a testament to the hard work, dedication, and perseverance demonstrated by every child, supported by committed educators, devoted parents, and our School Governing Body.

At our school, we believe that academic excellence is not measured only by top marks but also by consistent effort, a positive attitude towards learning, resilience in overcoming challenges, and a willingness to improve every day. We are delighted to see our learners embracing these values and striving to reach their full potential. This year's academic results reflect the collective commitment of our school community to providing quality education in a nurturing and supportive environment. Our educators have worked tirelessly to inspire curiosity, develop critical thinking, and encourage a love of learning. Equally, our parents and guardians have played a vital role by supporting their children's educational journey at home and partnering with the school in meaningful ways.

We are especially proud of every learner who has demonstrated growth, whether by achieving outstanding academic results, showing remarkable improvement, or consistently giving their very best. Every success, no matter how great or small, deserves recognition and celebration.

As we celebrate these accomplishments, we also look forward with confidence and determination. We encourage our learners to continue setting high standards for themselves, to remain disciplined in their studies, and to remember that success is built through perseverance, integrity, and a lifelong commitment to learning.

To our top ten learners in each grade, we congratulate you on your well-deserved achievements. You have made your families and our school proud. To all our learners, let these successes inspire you to dream bigger, work harder, and believe in your potential.

Together, let us continue building a culture of excellence where every learner is empowered to succeed academically and grow into responsible, compassionate, and confident citizens.

REMEMBER: PROGRESS DEMANDS EFFORT!

On the 16th of May 2026
Clarence Primary School played in
a Netball match at Morningside
Primary School. I played in the
Under 8 team. It was my first
time ever playing in a
tournament. I was very excited
and my position was GS. We
went with Miss Pillay, Ms Gwamanda,
Mrs Ash, Miss Thomsan and Miss
Mchunu. The teams all played very
well. I scored 4 goals for my
team. I love Netball.

Elim Kidane. 2A

My Brother

I have a brother. Let me tell you about him. My brother's name is Lumanyano Ntombana. He is eleven years old. He will be turning twelve this year. My brother is in Grade 6 now in Miss Makhetha. He will celebrate his birthday in December 29.

Lumanyano is a memory keeper, he is very good and never forget things. My brother is my crime partner. We do things together like watching Youtube on Thursday instead of Friday. He protects me and have his back. Sometimes we fight for small things and never talk to each other for a day. We then miss each other.

Later before we sleep we run around and play and call each cheater when we play games. He likes red colour. My brother also likes to help with the house work. His behavior is very good but he does naughty things sometimes. I love my brother and he loves me too.

Somilangaye Ntombana - Grade 3G

Our trip to Flag Animal Farm

On May 19 we went to Flag Animal Farm. All Grade 3 and the teachers went. I was very excited to go. In the morning we all went to the toilet and get ready to go. The buses were there at 8:00. We took our lunch bags and made lines to the buses. There were two buses and then our school bus. Some boys went to the school bus but other were in other buses.

We went passed Balito and Zimbali. It was a bit far. When we reached Flag Farm, the teachers put us in groups. There were group leaders from Flag Farm who were taking us. Our group leaders were Thando and Sindi. Our first activity was the Splash. It was nice and had to slide into the pools.

We all had ride tickets to use for our activities. We then went on a truck ride after swimming. We were singing lots of songs .in my packed lunch I had Schwama and McDonald and drink. We then went to see animals like crocodiles, lama goats, cows and chickens. We also saw snakes and parrot birds. We fed the animals, it was scary and fun too. My group then went to the horse riding.

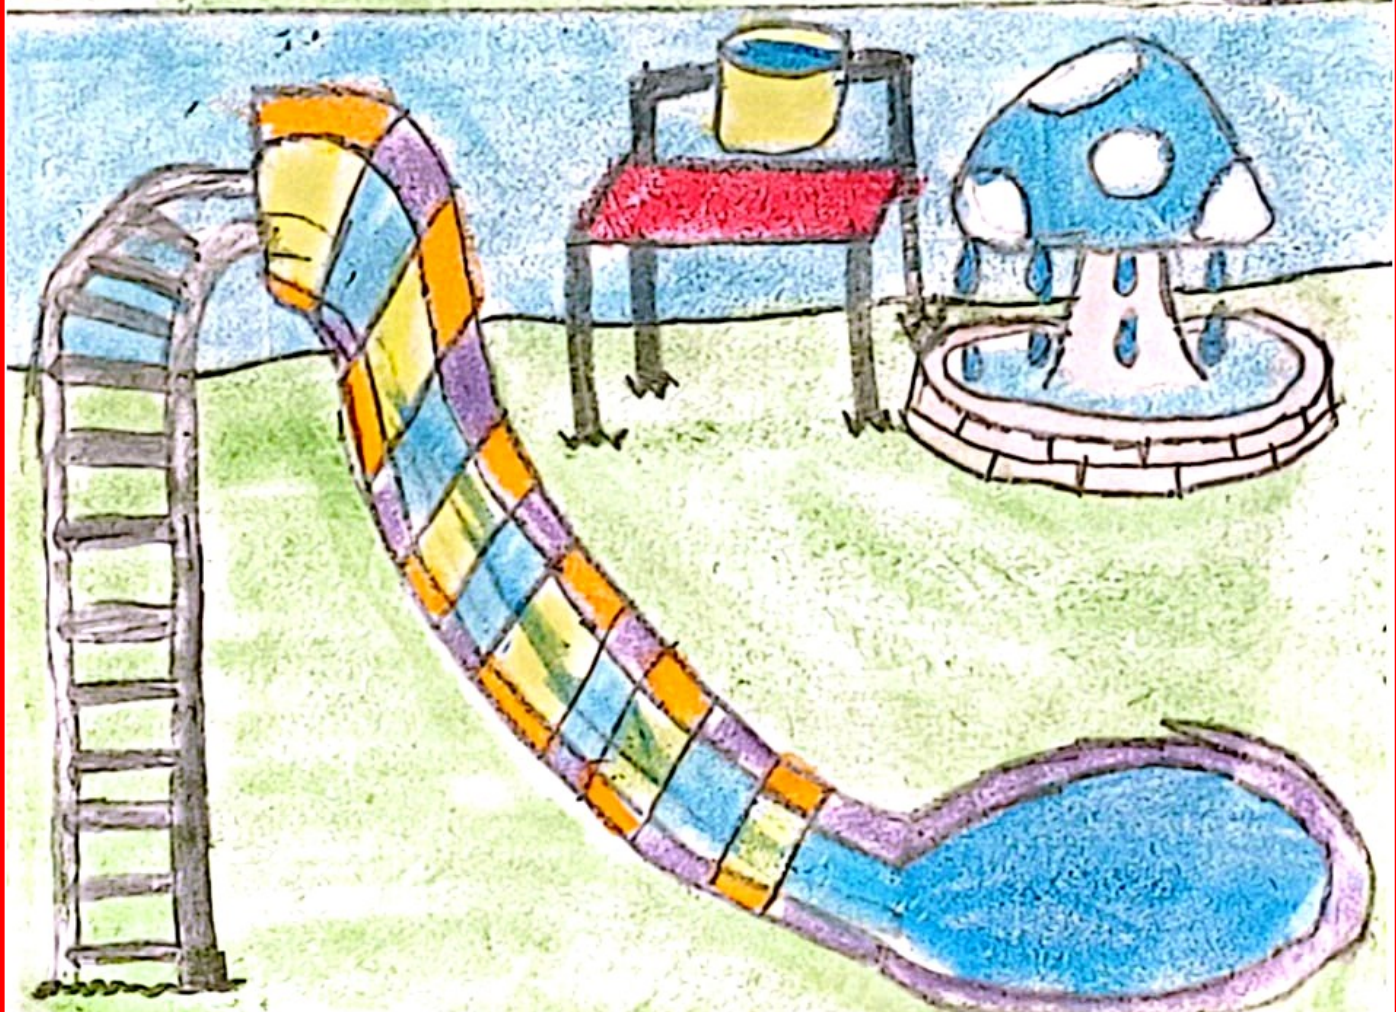

We had so much of Fun on our trip to Flag Animal Farm. There were other schools too even the Grade 4 from other school. We all had the best day ever and I cannot wait for another trip.

OUR EXCURSION TO THE FLAG FARM

On the 19th May was our Grade 3 Excursion. We went to the Flag Farm . We went by bus. The bus ride was very exciting but long. When we got there we went on the tractor and pony rides. It was enjoyable. We then fed the animals. We changed into our swimming costumes and headed over to Splash World. I played with my best friend.

Later we went to the jungle gym and then to milk the cows. I didn't enjoy that very much. Later I went to the tuck shop and I bought some things. We fed the many animals that were there. When it as time to go I felt very sad as I was having a very nice time. Our teachers also had a nice time. They took photos of us and shared it with our parents.

Salusiwe Diko - Grade 3 Hassen

On the 19th of May was our excursion. We went to the Flag Farm. We all went on a bus. We did many exciting things. The girls went to the Splash World first. I had so much fun with my friends. We

went on the slides and played in the water. We ate our lunch. Mum packed KFC. Melo, Unathi, Nazo and I all had KFC.

We ate together.. The guide gave us some sweets and then took us to the tractor and pony rides. We all sang songs on the rides. My teacher was taking pics of us having fun. We were milking the cows and feeding the animals. I enjoyed exploring around Flag Farm.

I really enjoyed going there. It was a wonderful learning experience for us.

Our Outing to Flag Farm

On Tuesday, the 19th of May, it was our Grade 3 excursion to Flag Farm. We left school at 8:15. There were 129 learners. We went by bus. The outing cost R170. The view while we were travelling was extraordinary. When we arrived, the guide put us into groups and we took photos.

When we went inside, the first thing we did was change into our swimming costumes. The girls went swimming first. I went on the blue, yellow and green slide. We then had lunch. I had a hot dog, chips and oreo biscuits.

After that, we went for a tractor ride. It was fun. We went back to eat our lunch. After that we played on the jungle gym. We went for a ride on the horse. Then we sang some songs and we sang Happy Birthday for a little girl who was not from our school. We washed our hands and milked the cow. We took photos for the last time.

I had a wonderful day.

Lizwi Kunene - Grade 2 A

My Mum

My mum's name is Zinhle Cele. My mum was born on the 10th of November 1987. Her eyes are brown. She is well built.

My mum likes a clean house. My mum's favorite movies are Korean

Dramas. My mum likes it when my brother and I listen to her. She likes eating seafood. She also likes shopping and going out.

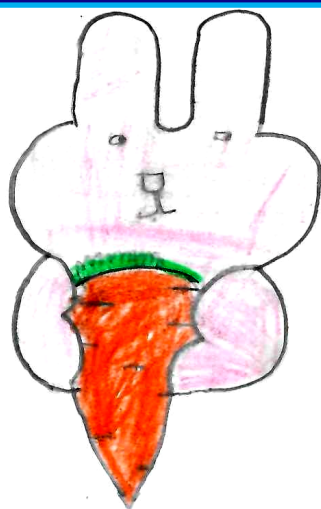

My mum doesn't like it when my brother and I are naughty. She doesn't like going late to work. She doesn't like being stressed.

On Mother's Day I will spoil my mum. I'm going to give her a foot massage. I'm going to make her a card. I'm going to make sure that all the chores are done. I love her so much.

What I want to be:

When I grow up, I want to be a doctor. I want to help make people better and feel well. Doctors are like superheroes, they save lives. I will give people medicine and injections. I want to help children that are sick and make them smile. I like to help people. One day, I will work in a big hospital.

Done by: Samara Muduwira-2P

My Brother

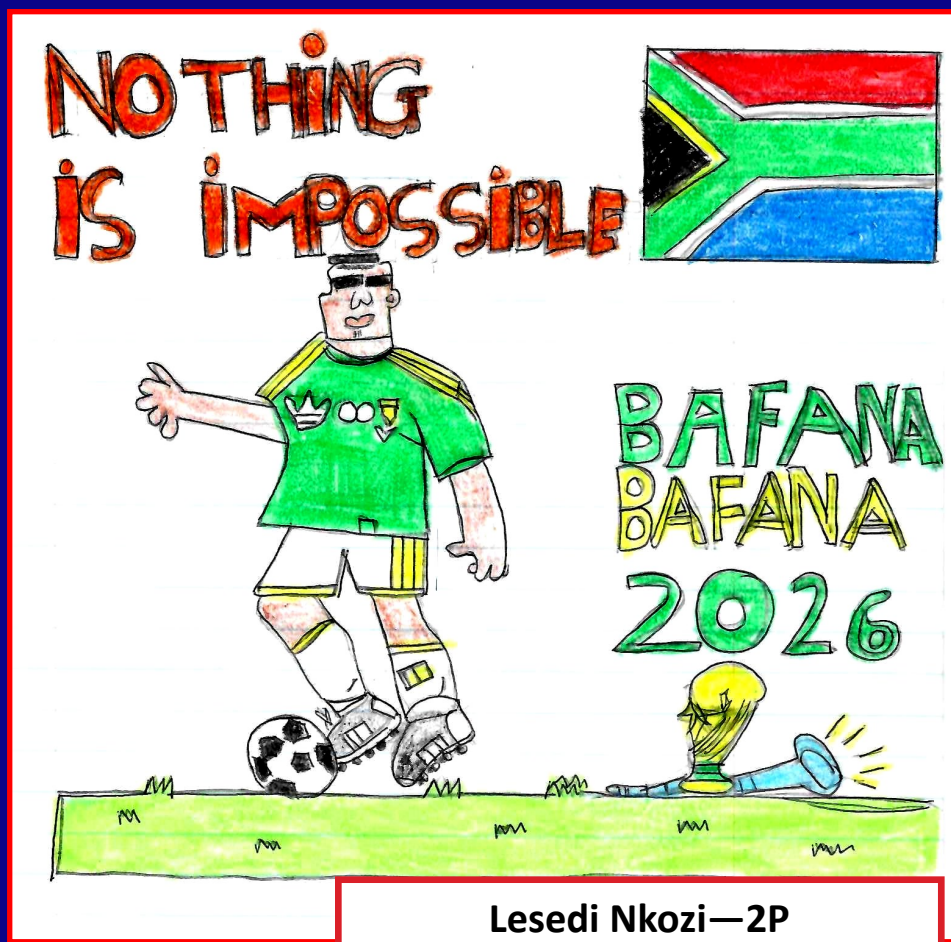

My brother is very kind. He shares his food with me. He plays with me when I am bored. We play cards and dominoes together. We also build Lego. He is a lovely person. He is the best. He is so kind and really funny. We also dance together and make up many dance routines. We play hide and go seek. He is my hero and he helps me with my homework. His name is Star Moon Basima. He is nine years old. When I am sad, he comforts me. I love my brother very much because he is my best friend.

Ekofo Moon Basima, Grade :3R

My Mom

My mom is a polite mom. She is so kind and good. She cooks delicious food. She cares for me and my family. She likes to play jokes on us. She wants us to be perfect. I love my mom so much. My mom is always by my side to keep me safe. When it is cold she wraps me with a warm blanket. Sometimes when it is hot, she takes us to the beach. She makes my breakfast, lunch and dinner. She prepares all my things for school and I am so grateful. She is so sweet. She helps me with my homework. She can bake very well. Her sponge cake is delicious. It is super sweet. She is always ready to have fun with me. I love my mommy. She is my protector and I always want to make her happy.

PEACE

by Kopano Khumalo - 5T

The waves hum soft against the sand
Where time forgets to make demands
Salt-kissed breeze and Seagulls sweet call in the distance
This stretch of earth holds onto peace for all.
I come with worries and with light
Sun paints gold from sunrise to sunset
Here is where my heart can simply be
This shore is my home which is calling me.

Bullying at school

I want you to picture something, you walk into school and everyone starts laughing, you don't know why, someone whispers, someone points and suddenly you feel small.

You sit down but your heart is racing, you wish you could disappear. Now imagine this happens every single day. That is what bullying feels like. Bullying is not just "oh I was just playing" it's not just "a joke" it is choosing to hurt someone over and over, with actions, words or even online. And the deepest bruises are the ones no one can see.

Do you know how the bullied child feels? The child feels scared, sad and looks at themselves in a negative light, sometimes does not want to socialize with other learners and often does not want to go to school. This frustrates the parent; the parents sometimes must end up taking the child out of school.

Now ask yourself the question, would you like to see one of your fellow classmates leave the school because of bullying.

I want to leave you with this; one kind word can change someone's day. One brave action can change someone's whole life.

So, the next time you see someone being bullied don't be the audience.

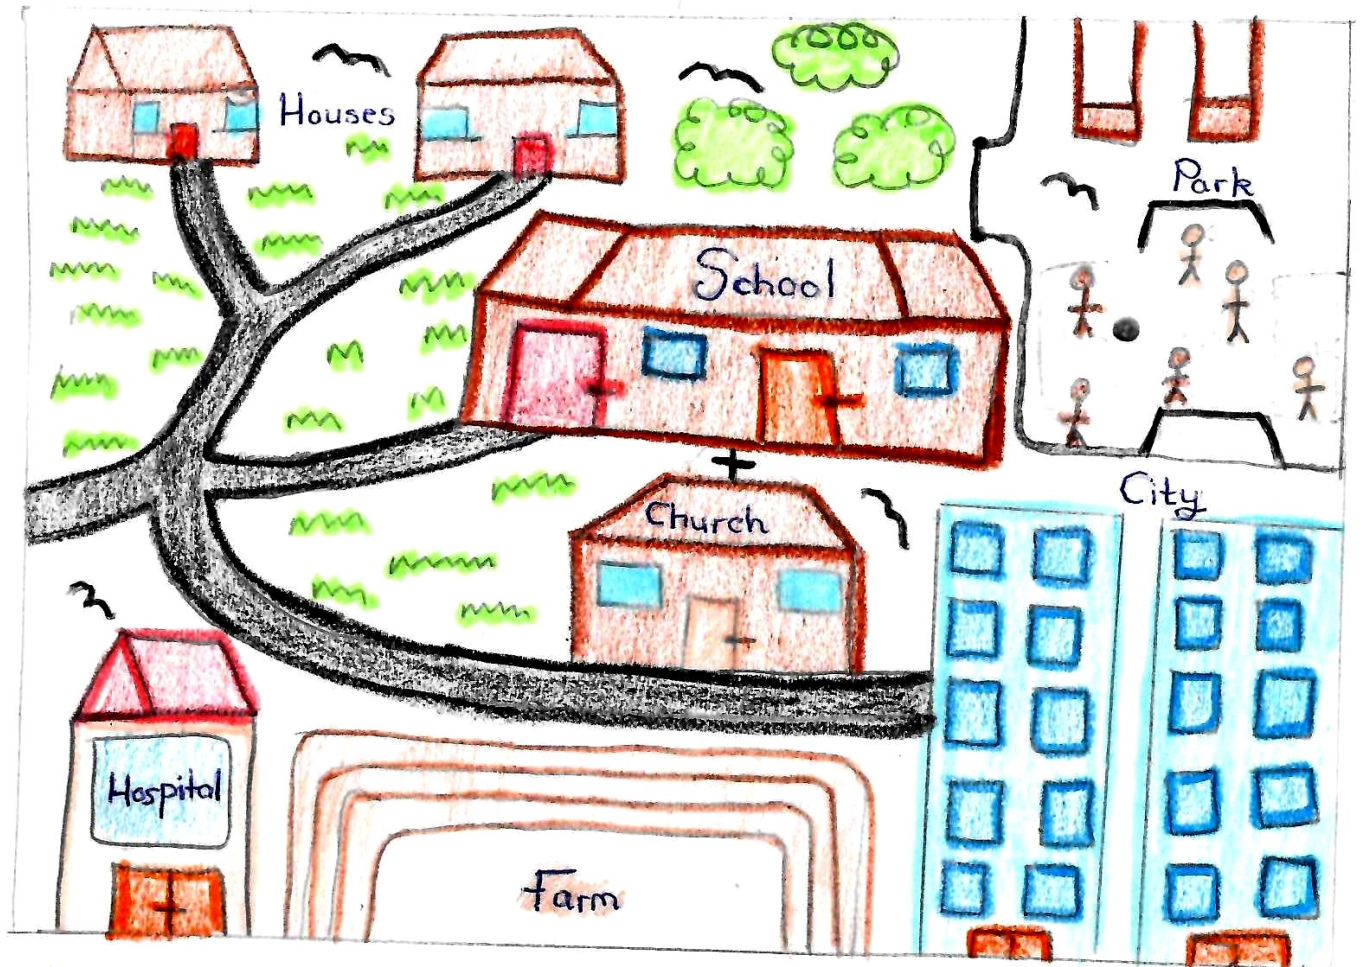

BE THE REASON IT STOPS!

NATURE

by Aldana Nigate - 5T

The grass is green, the sky is wide
With so many wonderful wonders tucked inside.
Turning darkness into light
Rivers flowing with a gentle sound.

Winding through the moss-covered ground
Mountains standing so tall and proud
Touching every passing grey cloud.

Nature is a gift so rare
Something we must treat with absolute
care...
Thinking of littering it, oh don't you dare!

Jayden - 5G

A rainy day

South Africa

It was a rainy day, And

the wind blew and blew.

The wind whispered softly, As the raindrops
splashed through.

We dreamed of sunshine.

Warm and bright.

We waited and waited, through
the day and night.

The rain smiled down with
silver drops so light.

It danced upon the lumpy, bumpy road,
making everything sparkle bright.

Kayla July—5M

CHILD PROTECTION WEEK

Families are people
who cares about you.

My family is special
your family is too,
Mothers and Fathers
sisters and brothers
Grandmas and grandpas
and so many others.

One family is big
While another is small
Some families love children
And some not at all.

When we are together
Or far apart
the people I love
Fill the map of my heart.

Written by Caleb Dube - 5G

My lovely school

In the heart of Durban, Clarence Primary
School,

Where young and eager spirits meet,
Teachers guide the curious minds,
And make the learning sweet,
With values deeply woven through
Each lesson and each friend.
It builds a nurturing second home,
Where bright new journey's never end.

... by Okuhle Bhengu - 6N

6M - Limericks

A student who hated to write,
Would doodle from morning to night.
Her teacher would frown
And send her to town
But her doodles brought everyone light!

...Jaylene Tahuwona (6M)

There was a girl who was always bad.
Some people would say she is mad.
She would skip school
And thought it was cool.
However, they knew that she's just sad.

...Sinomnotho Ntombela (6M)

DIALOGUE

Characters:

Lily, Mum and I

Introduction to describe the situation:

We go to the beach and we play Volleyball and get ice-cream while watching the sunset.

Topic:

The Day at the beach filled with fun laughter and excitement

MUM: We are going to the beach to watch the sunset.

LILY: Yay

ME: Mum, can we get ice cream?

MUM: Yes, my dear. We are going to play volleyball.

LILY: That is so exciting, I can't wait.

MUM: We have arrived.

ME: Lily, Let's go and play volleyball.

LILY: OK, I am coming.

ME: Mum, we can see the sunset.

MUM: Is the sunset beautiful?

LILY: It is gorgeous like your eyes, mum.

MUM: Why did the chicken cross the road?

ME: Why?

MUM: because.....[chicken sound].

LILY: That's so funny [laughing].

Diary Entry – The Fallout

21 May 2026

Dear Diary,

In the late hours of school today, an argument broke out. I have a slight migraine. A thousand words are flashing through my mind at the same time, like I am about to faint. I felt like I could put the world on pause. All I want to do is just head home, but with these many people laughing like freaks and screaming hyenas nothing is making me feel better.

I was indeed delighted to see my friend arriving for practice since we are in separate classes. I head over to start a little conversation with her. She is quiet as a mouse; she does not look 'fine' as she claims.

Curious me, acting as an investigator, I read her facial expressions. I try to take a guess, maybe she got shouted at, is bullied or broke up with her boyfriend. She gets furious and starts a whole argument out of it. It continues back and forth, until she states that she is not my friend anymore and she doesn't want me near her.

I calmed down and let her go. It's crazy how a whole friendship built up over five years can be ended in one day. Am I willing to fix it? ... well, we'll find out.

By Iminathi Ngcobo (Grade 6N)

Fable - The Genius Tortoise

Long ago, in a peaceful, quiet forest, all the animals lived in fear of a strong leopard. The leopard took their food whenever he pleased and scared everyone with his terrible roar. One day, feeling helpless and hungry, the animals asked the tortoise for help because he was well-known for being very intelligent.

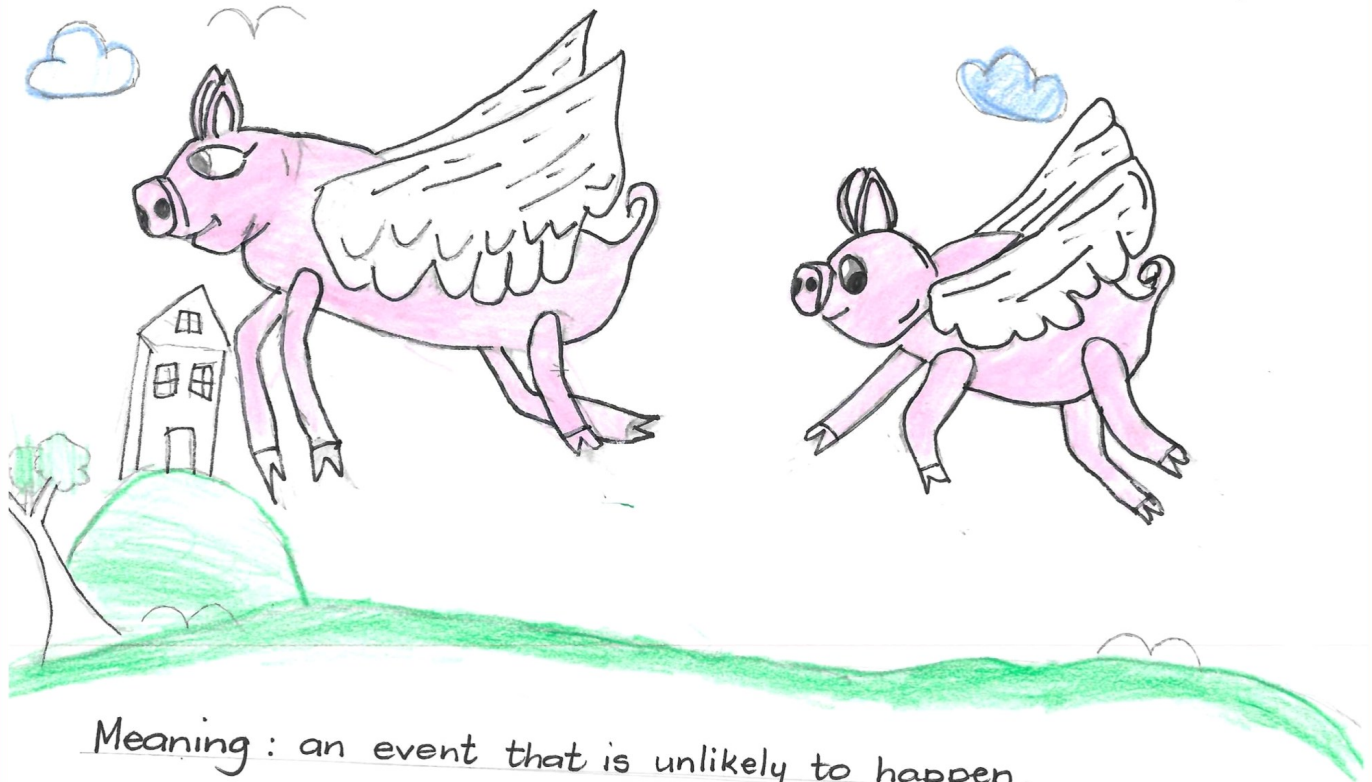

The tortoise agreed to help and quickly came up with a plan. He walked up to the leopard and told him that another powerful animal had moved into the forest and wanted to fight him near a deep hole.

The proud leopard could not stand the thought of anyone challenging him. He followed the tortoise straight to the hole. When the leopard looked inside, he saw his own reflection in the still water at the bottom and thought it was the rival leopard. Angry and eager to fight, he jumped in to attack and fell deep into the hole, unable to climb back out.

The animals were finally safe again. They gathered around to thank the tortoise, realising that **you don't need to be the strongest to overcome a big problem; you just need to be the smartest.**

The day everything went wrong.

By Okuhle Gumede 7G

It was a sunny summer morning while I was getting ready for school. My mom told me to bring my jacket with me because it might be cold later.

I did not listen to her and I left without my jacket to school . I went to my bus stop and waited for my Uncle to come and fetch me so I can go to school.

While I was waiting for my uncle to arrive a harsh thinning breeze of freezing air scraped my skin. Rain started to pour down like the ocean jumped over its boundaries as I waited for my uncle. The cold breeze made my hands freeze , my body shiver and my teeth were clicking against each other, my mind racing in the freezing frame A feeling of regret consolidated me, asking myself why I did not listen to my mother now I was drenched and I could not just run back home because my uncle will leave me and I couldn't afford to be late for assembly for the 3 time in a row plus I am a prefect."ugh today is not my day I shouted. Remarkably my uncle arrived and he was 45 minutes early therefore he gave me a chance to run home to change and take my jacket because I have lent my lesson. I ran back

To the car and we peacefully went to school.

Moral : Listen when you are spoken to because listening does not kill you it builds you.

Dream BIG

By: Sibahle Jakeni - 7G

I like to dream big, bigger than the universe
The bigger the dream the less likely to achieve
People like that never want to see you succeed
For something seemingly so unachievable
Something bigger than the stars itself

I'll still dream big, bigger than the universe
To find the unknown and achieve the unachievable
To find my fated treasure for the secrets of the world may guide me
I'll jog, walk or even run for a thousand years
If it means I can find my destiny
But one can only run for so long until they lose stamina
Until their lungs feel on fire and want to collapse
In the desert there's no water in sight
I left my comfort for the unknown and unachievable
My dreams are bigger than the stars itself
Why dream big, in fact why dream at all?

Why dream at all? Dreams are the goals we wish to attain
Why dream at all? To help me live without regrets
Why dream at all? To go on a journey of a lifetime
With the desert so vastly pushing me forward
I'll walk, jog or even run for a thousand years to reach this goal
I love to dream big, bigger than the universe

HEAD GIRL REPORT

A leader is the one who knows the way, goes the way and shows the way – John.C. Maxwell

Good morning to all judges, I am Anelisa Ndlovu in grade 7M, and I am a proud candidate for Head girl or Deputy head girl for Clarence Primary School.

I would first like to thank my teachers for trusting me with the position of being a Prefect it has taught me great leadership and problem solving skills.

Being Head Girl is not just about wearing a badge or holding a title. It is about leadership, responsibility, and serving our school community. It is about being someone who listens, supports others, and works hard to make a positive difference.

Throughout my time at this school, I have learned the importance of teamwork, respect, and determination. I have participated in school activities, supported my peers, and always tried to represent our school's values with pride. These experiences have helped me grow into a confident and responsible individual who is ready to take on the role of Head Girl.

If elected as Head Girl, I will focus on finding practical solutions to the challenges students face every day.

Firstly, I will make myself approachable and available to all learners. Sometimes problems go unsolved because students feel they have no one to talk to. I will listen carefully to concerns and ensure that every student feels heard and respected.

Secondly, I will work closely with teachers, student leaders, and the school management team to find fair and effective solutions. Whether the issue involves bullying, communication between students and staff, or concerns about school events and activities, I believe that teamwork and open discussion lead to the best outcomes.

I would also like to encourage greater student involvement in decision-making. By creating opportunities for students to share their opinions and suggestions, we can identify problems early and work together to solve them before they become bigger issues.

To address bullying and negativity, I will promote a culture of kindness, respect, and inclusion. Every student deserves to feel safe and welcome at school. I will support initiatives that raise awareness about bullying and encourage students to stand up for one another.

I also understand that academic pressure can be challenging. I will help promote study support programmers so that students feel supported both academically and emotionally.

Most importantly, I will not make promises that I cannot keep. Instead, I promise to work hard, communicate honestly, and always do my best to represent the interests of every student. My goal is to be a leader who listens, takes action, and helps create positive change in our school.

If I am elected, I will strive to be a voice for all students. I will listen to your ideas, concerns, and suggestions, and work alongside teachers and learners to create an environment where everyone feels valued, respected, and included. I want every student to feel that their opinions matter and that they have the opportunity to succeed.

I am passionate about our school and its future. Together, we can continue to build a positive, supportive, and successful school community that we can all be proud of.

Thank you for your time, your support, and your consideration. I would be honored to serve as your Head Girl.

Thank you

Anelisa Ndlovu 7M

My Expectations for Grade 7

When I really start thinking about my expectation for Grade 7, I really do have a lot to say. I think my first one would really be just to have a positive mindset through every challenge or circumstance that I go through this year. I would also love to achieve a lot of my goals, as many as possible, such as academically improving and obtaining awards that I have long been hoping to achieve. E.g Netball goals and achieving the Dux award. Mending and fixing relationships with peers and maybe even creating new friendships would also be great. Most importantly I want to make my parents, teachers, coaches, family and myself, PROUD.

...Siphosethu Zamisa - 7L

My expectations for grade 7 are that I want to work even harder and push myself to study and pass with flying colours. I want to get into a good high school. I really want to be a prefect this year because I feel that I can do any duty that I'm asked to do. This year might be an amazing year, I might even make more friends! The teachers for Grade 7 are amazing and they will definitely help me to pass. I'm also excited for my excursion - I know it's going to be really fun. I'm looking forward to seeing who is chosen as head girl and head boy. I'm really going to push to be the best person I can be this year and do things that I couldn't do last year. I'm ready for my Grade 7 year!

...Zintle Sauka - 7L

How to make a Scrambled egg and toasted bread

MADE BY BOITY WITH LOVE

- 1 Egg
- 1 Slice of bread
- 1 teaspoon of oil butter

Utensils & Ingredient

- Pinch of salt
- A Bowl
- A Fork

- frying pan
- Toaster
- Spatula

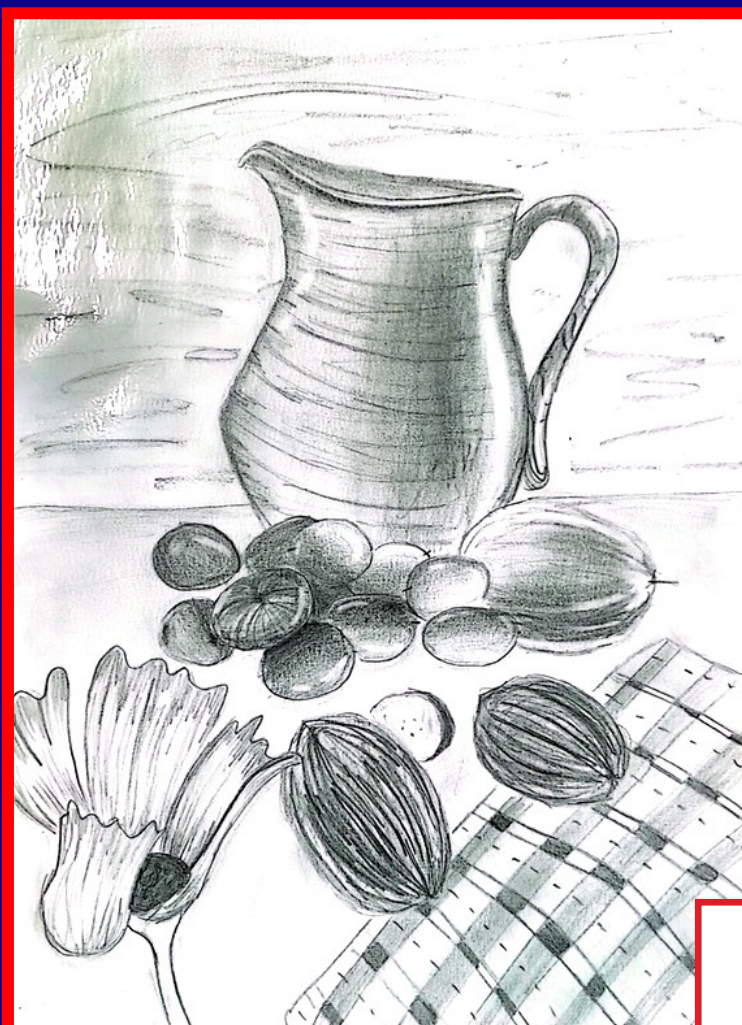

INSTRUCTIONS:

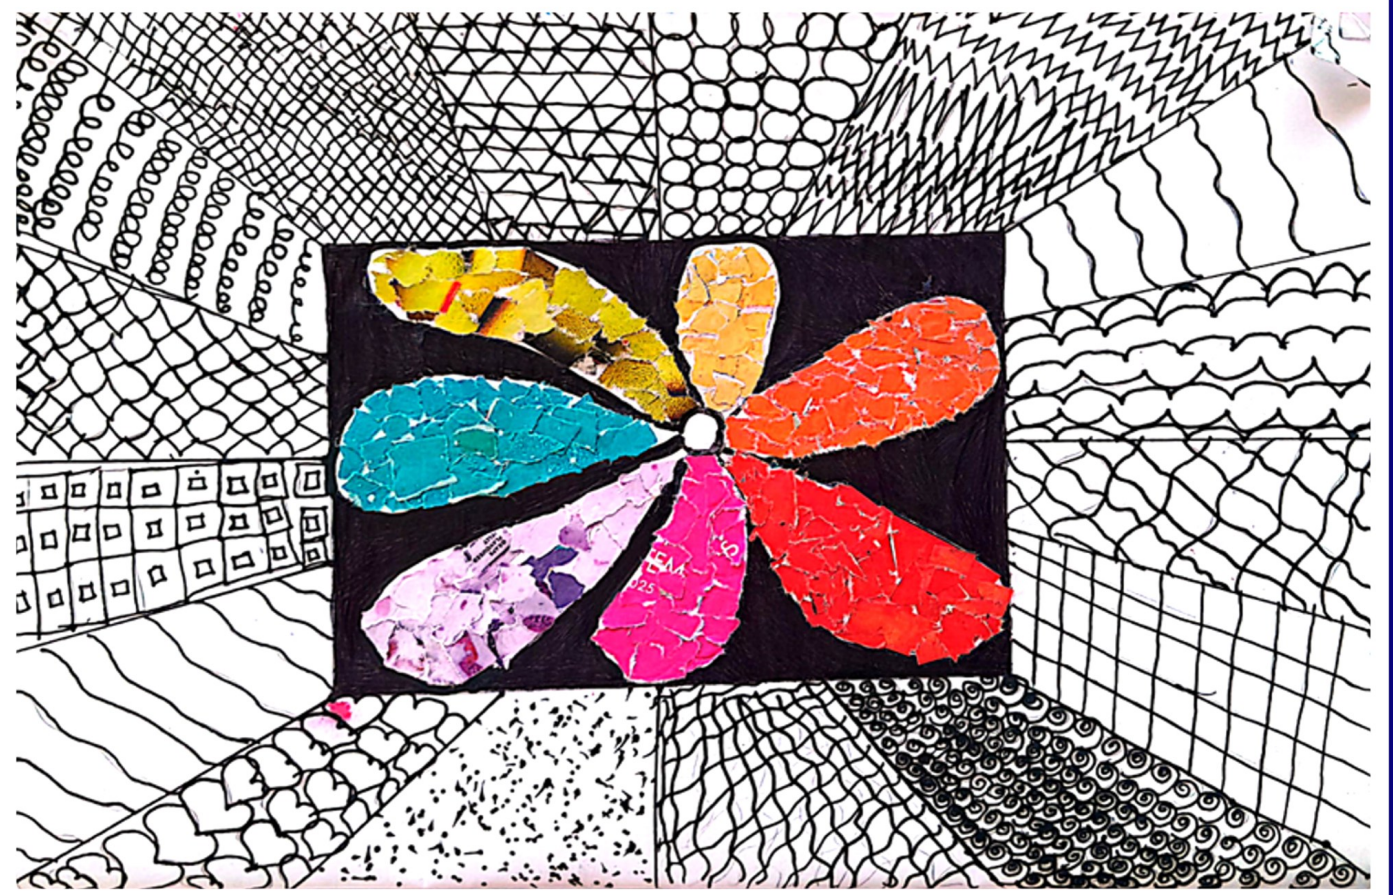

- Wash your hands with soap and water so everything stays clean.
- Crack an egg into a bowl. (If a piece of shell fell in, scoop out with the bigger shell piece.)
- After cracking wash your hands because they might be sticky.
- Beat the egg with a fork for about 30 seconds until it looks yellow and mixed.
- Add pinch of salt
- Put the bread in the toaster or pan on low heat. Watch if it doesn't burn. (ASH ADULT!!)
- Heat the pan and add the butter (Make sure the PAN IS ON LOW-MEDIUM.).
- Pour the egg into the pan for about 40 seconds without touching it.
- Stir gently with a spatula, scraping the bottom of the pan. (Keep stirring slowly until the egg looks soft.)
- Turn off the stove and put the scrambled egg on a plate.
- Put the toasted bread on the plate next to the egg. You can put butter on the toasted bread and tomato sauce
- It is to be served with juice or tea etc.

Hope You Enjoy!

Mid-Term Sports Report

The 2026 sports year commenced with great activity as our pupils and swimmers diligently prepared for the inter-house swimming gala, which turned out to be a tremendous success. Our observations indicate significant improvement in swimming skills, with a remarkable increase in the number of students becoming water-safe, as well as many swimmers demonstrating outstanding technical proficiency in their strokes.

The football and netball season was highly anticipated, with a packed fixture list comprising numerous matches and tournaments. Coaches initiated pre-season training for both football and netball in Term One to adequately prepare for the challenges ahead. We hosted our annual six-a-side tournament on Saturday, 16th May. The tournaments we organize elevate our school's profile, showcasing the exceptional standards we uphold in hosting and catering for other schools. Additionally, our U13 girls' five-a-side tournament is scheduled for Saturday, 13th June.

Our netball teams have been diligently training each week, with dedicated coaches volunteering their time to provide extra coaching during the holidays. Currently, our age groups participate in two fixtures per week, showcasing their talent and growing in strength. Our U13 team will compete in the Sherwood Primary tournament on Saturday, 30th May.

We extend our gratitude to the school for purchasing new kits for both the netball and football teams, along with branding that ensures our school stands out wherever we go.

"Every Move Counts. Every Day Matters."

U10 Netball Report

This year was a special one for our Under-10 girls as they stepped on the court for their very first time of netball. From the opening whistle, they showed fitness beyond their age, playing with energy, eagerness, and determination that made the school proud.

The season began on 19 February with an exciting 1 - 0 victory over Gordon Road Girls' School. That win set the tone, proving that the team had the skill and spirit to compete. A tough match against Yellowwood Park followed, but the girls bounced back in style on 11 March, delivering a remarkable 5 - 0 victory against Eden Primary School which is a highlight of the season.

April brought challenges, with a loss to Orient, and May tested their resilience further with a defeat against Durban Primary. Yet the team never lost heart. On 21 May, they returned to back with a strong-willed performance against Addington, showing their ability to rise to above. Their final fixture on 26 May ended in a hard-fought draw against Gordon Road Girls' School, closing the season on a note of determination and pride

A heartfelt thank you goes to the dedicated coaches who guided the team, support from the other coaches, the U10 players for showing respect and dedication throughout the season, the sport coordinator who ensured everything ran smoothly, and the driver who made sure the girls arrived safely at their matches. Their support was priceless in making this season a success.

NETBALL REPORT

NETBALL REPORT 2026

The netball season was a busy and exciting one, filled with fixtures against a variety of schools. Our U8, U9, U10, U11, U12, and U13 netball players displayed tremendous heart, determination, and sportsmanship throughout the term. Their enthusiasm, commitment, and fighting spirit were evident in every match, making Clarence Primary School proud.

From the very first game, the girls demonstrated excellent fitness, teamwork, and skill beyond their years. They approached each match with energy, eagerness, and a positive attitude, continuously striving to improve and give their best on the court.

Throughout the season, our teams participated in friendly matches against

Gordon Road

Glenmore Primary

Eden College

Morningside Primary

Addington Primary

Sherwood Primary

Durban Primary

Yellowwood Park Primary

While many of these encounters provided tough competition, our players consistently showed resilience and perseverance. Regardless of the result, our Netball girls always kept their heads high and their landing foot grounded. They conducted themselves with pride, grace, and respect, embodying the true spirit of the game.

To conclude the season, our U13 team participated in the Sherwood Primary School Netball Tournament. They faced strong opposition throughout the tournament and competed with courage and determination, representing the school admirably.

Coach

Coordinator

Driver

A sincere thank you is extended to our dedicated coaches for their guidance and commitment, to our players for their respect, discipline, and dedication throughout the season, and to our Sports Coordinator for ensuring that all arrangements ran smoothly. We also express our gratitude to our driver, who safely transported the girls to and from their matches. Their collective support played a vital role in making the season a success.

We are incredibly proud of all the learners who participated and contributed positively to the growth and development of Netball at Clarence Primary School. Their passion and commitment continue to strengthen our sporting culture.

Pharmacy
at SPAR

Avondale

Lastly, we would like to express our heartfelt appreciation to Avonmore Spar Pharmacy for their generous sponsorship of netball bibs, water bottles, and a first aid kit. Your support has made a significant difference and has helped equip our teams for continued success. Your generosity is greatly valued and appreciated.

BE MORE!

Pick up a book,
read a page,
and discover
a new world!

Make Reading
A DAILY HABIT!

A BOOK TODAY,
A BETTER TOMORROW.

Let's read together. Let's grow together. Let's succeed together!

Dear Parents

We encourage all our learners to develop a daily reading habit. Reading is one of the most important skills a child can build, as it improves vocabulary, comprehension, creativity, concentration, and overall academic performance.

Please set aside a few minutes each day for your child to read at home. Reading together, discussing stories, and encouraging your child to explore different books can help foster a lifelong love of reading.

Your support and encouragement make a significant difference in your child's learning journey. Together, we can help our learners become confident, capable, and enthusiastic readers.

Clarence Primary School Celebrates Miss H. Thomson's Cape Town Marathon Achievement

Clarence Primary School proudly congratulates Miss H. Thomson on her outstanding achievement of completing the 2026 Sanlam Cape Town Marathon on 24 May 2026.

After months of dedication, early morning training sessions, countless long runs, and unwavering commitment, Miss Thomson **successfully completed** the challenging 42.2 km marathon in an impressive 4 hours and 10 minutes.

Race day provided ideal running conditions, with clear skies, cool temperatures, and no wind. Thousands of enthusiastic supporters lined the streets, creating an incredible atmosphere with continuous cheering, music, and encouragement that inspired runners throughout the course.

The marathon attracted approximately 27,000 participants, making Miss Thomson's accomplishment even more remarkable. *Her determination, perseverance, and positive attitude are an inspiration to both our learners and staff, demonstrating the rewards of hard work and resilience.*

Adding to this exciting achievement, Miss Thomson has already secured a ballot entry for next year's Cape Town Marathon. The 2027 event will mark a significant milestone as the Cape Town Marathon becomes an official World Marathon Major, joining the ranks of prestigious races such as London, New York, and Berlin.

We are incredibly proud of Miss Thomson's achievement and wish her every success as she prepares to take on this world-class event once again next year.
